

UNITED STATES COAST GUARD

ADDRESS REPLY TO

17 February, 1947  
C.G. Loran Radio Station  
Frederiksdal, Gnlid.

AND REFER TO

FROM: J. B. O'Hara, Lieut(jg), USCG  
TO: COMMANDANT (PO) (O)

Via: W. A. Little, C.R.E., USCG

Subj: Relieving of Command; C.G. Loran Radio Station,  
Frederiksdal, Greenland.

Refs: (a) ARTICLE 905, C.G. Regulations.  
(b) Order No. 730265 of 3 February, 1947  
from ComNorLantPat to J. B. O'Hara,  
Lieut(jg).  
(c) ComNorLantPat letter 3 February, 1947  
(71-531) to W. A. Little, C.R.E.

1. In accordance with Reference (a), I hereby report my being relieved of Command of the C.G. Loran Radio Station, Frederiksdal, Greenland, in compliance with References (b) and (c).

2. In company with my relief, I have conducted a thorough inspection of the base and exercised the crew at fire quarters.

3. I consider that the personnel condition of this station is in general satisfactory, however the authorized complement should be increased by one MoMMlc because of the large amount of mechanical equipment installed and attached. The material condition of the station is satisfactory if due consideration is given to the fact that the station is at present being entirely rebuilt. A list of uncompleted repairs and authorized alterations has been shown to my relief and is on file. The record of public property has never been carried along properly and is in very poor condition. This is a result of the following circumstances: (1) The Transportation and supply set up is difficult and invoices are frequently not received with the supplies. (2) There has been no clerical help assigned this station. (3) Previous turnovers on relief were omitted because of the necessity for the relieved officer to depart immediately. A special and a permanent board of survey are being currently conducted by the Commanding Officer of the C.G.C. Evergreen on missing, broken, and worn out articles.

Frederiksdal, Gnld.

17 Feb., 1947

4. All registered publications have been inventoried in accordance with existing regulations and the transfer report has been forwarded to the Commandant. I have signed the log and all other records and papers requiring my signature. The following have been turned over to my relief:

- (a) All unexecuted orders.
- (b) All keys normally kept in the Captain's Cabin.
- (c) There are no Honorable Discharge blanks, Honorable Discharge Buttons, Transportation Requests, or Tax Exemption Certificates on hand.

5. The itemized accounts of the following activities have been examined by my relief and their condition, on the dates indicated, was as follows:

- (a) General Mess on 17 Feb., 1946, satisfactory.
- (b) Ship's Service Store - None.
- (c) Welfare Fund - None.
- (d) Wardroom Mess - None.
- (e) Clothing Account - None.

6. The following defects were noted: None other than those indicated above.

*J. B. O'Hara*  
J. B. O'HARA

1st. Indorsement  
C.G. Loran Radio Station  
Frederiksdal, Gnld.  
17 February, 1947

From: W. A. Little, C.R.E., USCG  
To: Commandant (PO) (O)

1. Forwarded.

2. I relieved J. B. O'Hara, Lieut(jg) this date and found conditions as stated in the basic correspondence.

28 February, 1947

From: Commander, North Atlantic Ocean Patrol  
To: Commandant(PC)(O)

Subj: Relieving of Command, Coast Guard Loran Radio Station,  
Frederiksdal, Greenland

1. Forwarded.
2. Instructions have been issued the Commanding Officer of subject station to immediately take steps to bring up to date the record of public property and files of his station.
3. The status of the ordnance equipment at this station is in the process of being examined and a survey has been ordered to determine the causes of missing items.
