Hey I'm just looking for any one who was stationed at Rhodes during 1969 & 1970. Spent 18 months there and still look back on that as the best 18 months I've had. Anyone remember that time?

I was stationed on Rhodes from '72 - '73, and served with a bunch of really good guys - some who have messages posted here. My wife, Barbara, and I went there for our 25th anniversary in '99, and Rhodes has changed a lot. Anyway, for all the folks I knew while I was there, please write.

Those who served in the Courier in the early days might be interested to know that my father, O.C.B. Wev is in the VA hospital in Richmond, VA. He has been hale and hearty well into his 94th year, but now appears to be failing. I have many happy memories of our time in Greece, and am pleased that in recent years my father has been more willing to talk about his career, especially WWII. I know he would be very happy to hear from any Courier shipmates. VA Hospital address is: 1201 Broadrock Blvd., Richmond, VA 23249. Thanks, Pam Wev

Guess all of the original and second crews on Rhodes have either passed away or aren't familiar with Fred's Place. Of course 1959-1960 was quite a while ago. But am still looking.

Hello to everyone and yes I'm still kicking! Thanks to the persistence of John Van Houten, I am back in touch with you guys. I must say I had stored all the old memories away, and given up hope that I would ever be in contact with THE

people that had reshaped my life forever. So, to all those that I had the pleasure to serve with-- and that covers 70-73 & 74-77 get in touch.

I was stationed on Rhodes 1971-1973. Mel Ferguson was th Co at the time. I went to OCS in 1975 and wound up teaching at the Academy and retired in 1989. My wife Esther and I own and operate a sporting goods business in Salem Ct. I would like to hear from Max who I went to bootcamp with or tom Brackett, or Sarge Coulon. I see Dave Menge quite frequently and once in a while hammer stops by to say hi.

Hi. Gang. Just thought I'd give you a little background before taking a seat. I relieved Archie Yano in late 59 or early 60 can't remember exactly when, CRS I guess. I was transferred to Rhodes from Tuslog Det 52 Baseline monitor. Wendel Riggins, I can't remember if he had made ETC or not was the senior ET and Peele was an ET2. He married a very nice girl from the island. I have no idea where they are now. Unfortunately I've lost track of many good shipmates. Had many good friends on CGC Courier but can talk about that at a later date. Hope to see many old shipmates sign on.
