

CONFIDENTIAL

Office Memorandum • UNITED STATES GOVERNMENT

Filing

A1

TO : Chief, Aids to Navigation Division
Chief, Electronics Engineering Division

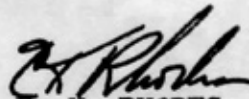

14 January 1954
DATE: Serial 1-312

FROM : Chief, Communications Division

SUBJECT: Application for allocation of radio frequencies for Precision
Loran System

1. There is enclosed a copy of a confidential letter from the Chief, Bureau of Ships to the Chief of Naval Operations dated 22 September 1953, serial 822D-0223 concerning subject matter, which was received here on 8 January 1954.

2. This Division and CNO (OP-203Q) mutually desire a discussion of the frequency problems which will be created by the Precision Loran system operating in the standard LORAN bands. To this end, there will be a meeting in Pentagon, Room 5E777 at 0930 on Monday 25 January. In addition to a representative from the Frequency Section, personnel qualified in the engineering and operational use aspects of the system will represent Navy at the meeting. It is therefore suggested that your Divisions be represented. Mr. J. E. Stewart will represent this Division.
