UNITED STATES GOVERNMENT

Memorandum

EEE-4
3262/1

DATE: MAR 25 1965

TO : Chief, Aids to Navigation Division

FROM : Chief, Electronics Engineering Division

SUBJECT: Loran-C Blink code and spacing of ninth pulse; change of

Ref: (a) COMDT ltr EEE of 18 Apr 1963

1. All Loran-C stations now have the capability to complete the change of blink code and shift the spacing of the ninth pulse as stated in reference (a).

2. It is suggested that sufficient notification be given to these stations of the date that these changes are to take effect. This notification will enable the stations involved to make proper preparations for the equipment modifications required by these changes.
