Looking for anyone who knew Bob Heckathorne, at Roguron early/mid 50s. I think he was on Yocona. (My grandfather, died in 58).

The CGC Buttonwood dropped a group of us off in June 1950. My first permanent duty station as a new ET3. Our skipper was Roger F. Erdmann. Last month made contact with Hank ET1 after 50 years. Saw his name in the e-mail directory. Anyone else out there from Rongrong. I transferred to Kwajalein in 1951. When was Roguron decommissioned?
