Served at Cape Christian Loran Station for the '56-'57 tour. Enjoyed trips with natives by dogsled and whaleboat, also overland trips to Clyde and the top of Black Bluff. Baffin Island is now part of the province of Nunavut, and not the North West Territories as we knew it. The station is now abandoned and considered a hazardous site by the Canadian government; they want to know who is going to pay to clean it up. Ernest Lehman, the ET Chief is now deceased. Does anyone know the whereabouts of our skipper Edwin Daniels from Miami, FL?

made et1. walt abate, bryan leonardson, jack stice, billy burkhart, ray altiery, in the loran shack. too long ago. can't remember more. went seal hunting on the ice, and read a lot. it was fair duty considering the place, time and circumstances. phone patches home from the ham shack were a high point.

I was in the USCG from 66 to 70 and was stationed at Cape Christian in 67-68. I too remember the eskimo called Noah. We would jump on a skidoo and go to the eskimo village and watch them square dance all night to the same record. Got to see my first Nor Whale while there. really wild experience for a guy from Oklahoma.

Rest of my time was in search and rescue in the first CG district Boston. Point Allerton.

Gerald Victor Aboard May 69 to June 70 as CO. It was a most remarkable year. Was there with Fred Baker, Robert Malkiewicz, Delmas Price, Noah the Eskimo Guide. After being relieved by R. McGuire had to hitch a ride via eskimo dog sled to catch a flight leaving Clyde eskimo village going south to Frobisher Bay.

3/63 - 3/64 EN1 - Had pleasure to've played Santa for the station's Christmas party. 2/64 Had the pleasure to suffer shingles but as there was only a dentist available to check me, the Guard didn't believe his diagnosis so they shepped me back to Boston where the USPHS confirmed the diagnosis and sent me right back - even though the ccgd1 discovered I had already served an 18 month tour at a LORAN Station in the Philippines in 1954 and shouldn't have had to serve two isolatred tours - they sent me back.

Station at Cape Christian (71-73). Had a great time with the people from Clyde River. I have been in contact with them and they want previous CG personnel to return after the cleanup is completed this summer.

Stationed at CC as an ET3. Arrived on a Nordair DC3 known as MCC in July after spending a week at Cape Dyer as the pilots replaced an engine that failed on the flight from Fox Main.
