JUL 15 1947 U.S. COAST GUARD

JUL 11 1947

CHIEF, OFFICE OF OPERATIONS

Mr. A. Murray Benson
Retail Merchants Association of Folly Beach
North Carolina

My dear Mr. Benson:

This acknowledges your letter dated 21 June, 1947 relative to erosion at Folly Beach.

As you no doubt have been informed, the prevention of beach erosion is a function of the Beach Erosion Board, Office of Chief of Engineers, War Department. I am, therefore, transmitting your letter, together with all its inclosures, to the Beach Erosion Board, which already is cognizant of the Coast Guard's interest in the roadway mentioned in your letter.

Your interest and advice in this matter is appreciated.

Sincerely yours,

MERLIN O'BELL
Rear Admiral, U. S. Coast Guard
Assistant Commandant

U. S. COAST GUARD
