1960-1961 as ET on Ebeye for great 16 mos. Had to kick me off. Still daydream of a tobbie mat on the beach under the moon watching the swaying palms. Is it anything like that today?

I was a SN there in '75-76'. Great place for 3 -4 months but then it got boring. I was there when Mike Shorter was there. Along with ET Warren Dove, ET Munno, SN Oliveras, FN Rocky Dunn, HM Sanford, BMC Dykes. And of course the dogs, Monkey, Ethel..can't remember the others. Was a great place to water ski!!

Made several trips to Kwaj and beautiful Ebeye while at D14 (eee) in 1971/72 along with stops via AirMic to Kwaj over the years. Quite a place and as anyone knows who has been there - Ebeye is one of the most crowded - per capita - in the world.

I just recently looked at some of my old 8mm film and sure enough the Komsaw Inn (I think it was called after we built it) Joe, Angie and the dogs plus others.

When I was on Kwaj as an HM1 in 68/69 Bruno & Bridgett plus their puppies Monkey and Banana were happy and hearty. Joe and Angie were there, also 'Lippy' who was a sweet lady but did things to your laundry from which it rarely recovered. Fondest memories are snorkeling in the lagoon and playing poker and eating sashimi at Jim Pualoa's house.

I was at Kwaj in the mid sixties. Does anyone remember Bruno, Buckshot, Half-Shot and Bridgett?

On 02/29/00 Rodg Petersen said:

Hmmm...did someone say something about a paid vacation. Nearly true. Spent '66 there with a great bunch. Folks on Ebeye were a treat. Stargazing at night unparalleled.

I need to add to my entry of 8/23/98. CGLTS Ebeye Island was the name for Kwajalein Lorsta in 1951, when it went on the air. I was an ET3 on CGLTS Roguron Island, Majuro Atoll or Rongrong as some called it from June 1950 to Jan 1951. I visited Majuro Atoll in 1992 same time that I visited Kwajalein. Wasn't able to get to Roguron Island.

I was XO at Kwaj. from Apr 65 to Apr 66 the CO was Lt Haight. We had a great cook and the people on Ebeye were also great. I will never forget Joe our handy man and Angie our house man.

On 08/23/98 Conrad Wicht said:

Ebeye was my second lorsta after spending six months on Majuro with skipper Ens Roger Erdmann. Sent to Ebeye just before going on air. One Q-hut nothing else. The mid-watch had to cook the noon meal for station, all six of us and one ltjg, name forgotten. Returned in 1990 for a visit and I too was shocked to see 10,000 on the island.

I was ET2 here from Jan 62 to Jan 63. This station was the best kept secret in the CG, at least in those days. I came back to visit a number of times from 74 to 78 & it had really gone down hill (not the station but Ebeye Is and the 10,000 residents thereon).

Aboard 1 week in early 1970 TDY from Eniwetok, you guys had a CG paid vacation in a tropical paradise, with coconut trees & swaying palm trees, well tanned WOMEN, blue lagoon and an unbelievable Pacific ocean view.
