Hello again, is Shoal Cove still an active CG unit? If so, is the black bear still up in the bar? Can almost taste the red snapper and crab we caught every week.

I still miss Shoal Cove! Jun '86 - Jun '88; ET2. Loved the hunting, fishing, crabbing...Left for CG Reserve and college. Served '90 - '91 in Saudi Arabia for Gulf war...trust me...not as nice as Ketchikan! Now with Texas Instruments

Stationed at Shoal Cove from 81-83. Great fishing at fish creek. One of the most interesting times in my life. Made many good friends there..were like brothers. Seems long ago would love to go back. Does anyone remember Jake the dog? He sure did get fat on all those cookies? Those flights out there were something too!
