3 February 1950
OSU 020-601

From: Commandant
 To: Commander, 5th Coast Guard District
 Subj: Loran Monitor Station, a facility of LBS, Virginia Beach;
 establishment of

1. When in all respects ready to perform the operational mission of a loran monitor station, using new direct-reading receiver-indicator installed in the landlines switchboard room at subject Lifeboat Station, establish a loran monitor station as a facility of the Lifeboat Station.
2. It is intended that the loran monitor function be performed by lifeboat station personnel on switchboard watch, in such a manner as not to interfere with the primary switchboard duty. Accordingly, no increase in Personnel Allowance is necessary and none is authorized.
3. Advise Commandant (OSU) when the foregoing has been accomplished.
4. OPFAC will be amended accordingly.
