Memo to L. Snell & Vic Loher. -- Ed Wetzel was my cousin and @ Kwadak '49 to '50. He sent me many pic's of 'Bill' the monkey and other 'junk and stuff'. I had just come off the Escanaba and at Fort Point. Felt like I knew that little island well. Don't know whether you knew this, but Ed died in 1963 from Lou Gehrig's disease. Just thought I'd mention it in case not.

My father, William Jared Thomas EN2, was on the Kwadak in 1950. Could someone send me a picture of the ship?

Just came across photo from Kwadack in the June 1949 issue of USCG Magazine, on page 24, it said, 'It's chow time for Bill, mascot of the crew at Loran Station Kwadack Island, Kwajalein Atoll, Marshall Islands, so Fireman J.O. Grant breaks out a convenient coconut to satisfy the needs of this inhabitant of a palm-fringed island in the Pacific.'
