HAWAII, HI. 96719

RECEIVED

15 AUG 1973

OFFICE OF THE COMMANDER
14TH C.G. DISTRICT

3000
14 August 1973

From: Commanding Officer, USCG Loran Station Upolu Point
To: Commander, Fourteenth Coast Guard District

Subj: Disposition of "Salt Rock" at South Point Light

1. Recently we were informed by Mr. Harry Lodge of Hilo that a "salt rock" had been stolen from South Point Light. Mr. Lodge was concerned because this rock had great historical value. South Point has been the scene of several such thefts in the past and presently there remains only one large salt rock.

2. Since this rock is of importance to the people of Hawaii and the chance of it being stolen is great, I would like permission to give it, in behalf of the Coast Guard, to a State operated museum or to the University of Hawaii.
