Had a pretty good time while there. I hung with MK1 Murphy after Sylt. Last I heard he is engineering on tug boats in Seattle. Saw him couple time there when I was in the Polar Breakers. Retired in 99 and have gone back to school.

Would like to here from anyone from Sylt, I was there from 79-80 had a lot of great times, and strange times. Wonder if Mike Murphy still has the need to fight the new guy. What was the guys name that crashed (rolled) his Ford Capri in the sand dunes ?

It would be good to hear from anyone that I served with in Sylt. I was there from 81 to 83, then transfered to Lampedusa. Sylt was a lot of fun. I remember like it was yesterday. Those were definately the good old days! Please send me an email and I will gladly reply to all. Wishing everyone good health and a Merry Christmas, Tom Ruth.

I was there 81 -82. Yeah, lost part of a finger there. I remember Zep. Gator, Chico, Crazy Joey the ET. Rodriquez (Bilco) got

married and took his wife's last name. That was in the mid 80's. VAn Buren married Tina (losenut), but I heard they got divorced in Michigan (?). I'm a CWO4 reservist on title ten. I still see Guenther and his wife Sabina every other year or so. Anyone remember George, Holger and Herr Schmodt ? Place is now turned over to the Germans (94?) Prost!

On the Island in '73 - '74, the fastest 18 months of my life! Was an ET3 then, worked alot with Schmitty, what a character! Couldn't get that guy to set foot in the transmitter building! And the beaches! enough said! God made the North Sea very cold for a reason!

----- Searching for buddies of the USCG-LORAN-C-Station, Sylt, Germany, 1980-81 I was living on the island of Sylt in 1980/81 and working as a furrier (making fur coats) for the company Pelz Matthiessen in Tinum. Later I

was working as a DJ in the Kupferkanne, Kampen. I drove a white VW Rabbit (Golf) with blue and red stripes on the hood and on the sides. I was very often a guest on the Lorsta, and I am still a proud owner of an original baseball cap from there, two patches, a mug and an USCG flag. During my last trip to the island, I had a chance to visit the station again and the german civilian there showed me around and explained what had changed till that time. I had the idea to get in contact with the guys from that time, but I don't remember all the names or how to reach them. I think I remember a Matt van Buren or a Wolff (nickname wolfman ?) (afro-american). I had prepared an audio-tape with souldmusic for him as a goodbuy when he left the station, but had to work longer and came to late to the station. I rember long movienights with 16mm-reels from Bremerhaven and a mexican-american cook that made tacos for us all, with whitebread (with cheese and miracle-whip on it) and choclote-chip cookies. I remember weekends with BBQ and a raffle and a goodbye-party for a german-american couple that went to the States. I remember one guy that was a specialist for steaks and worked on weekends at the Sansibar- restaurant. I am thankful for any information and remain Very Sincerely Yours Rolf G. I am still bug eyed from duty in Sylt 1973-74. Enjoyed most everything there except maybe the swims in the North Sea. It was a great duty station and a great chance to see the world. And lots of other things!!
